Not Exactly a Clean Shave

"Why is your grandpa's face bandaged?" asks the lady next door. "He was sleeping in his big chair," explains the little girl, "and Willie turned the nozzle of the VACUUM CLEANER against his whiskers."

This reminds us that we have just received another shipment of those wonderful

Magic Electric Vacuum Cleaners

The simplest, lightest, most effective, inexpensive, noiseless and durable suction cleaner made.

It will clean carpets, rugs, polished floors, walls, ceilings, furniture of any sort, bedding, curtains, clothing, pictures—in fact, everything in the house. It is furnished with special nozzles for the different work it has to do. It has a wide nozzle and will pick up large scraps of paper, cloth cuttings, thread, lint, matches, toothpicks and all such articles that get on every floor.

Connect the electric cord with the nearest lamp socket, turn on the current and the machine will do the rest, requiring so little effort that a child can easily run it.

Come in and see a MAGIC CLEANER and let us show you a lot more good points about it.

BOY'S DEATH HIS OWN FAULT

Deputy Sheriff Rose has held a coroner's inquest to investigate the death of Domick Zazior, the Russian boy killed by the explosion of a gas tank, on which he was lighting a string of firecrackers.

After examining the witnesses, the jury returned a verdict that the boy came to his death by accident, through his own carelessness.

The jury did not attempt to fix the responsibility for leaving the gas tank standing exposed and dangerous to the public.

THE DOCTOR'S QUESTION

Much Sickness Due to Bowel Disorders.

A doctor's first question when consulted by a patient is, "Are your bowels regular?" He knows that 98 per cent of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

Renall Orderlies are a positive, pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of their great curative value that we promise to return the purchaser's money in every case when they fail to produce entire satisfaction.

Renall Orderlies are eaten like candy, they act quietly, and have a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, excessive looseness, diarrhoea or other annoying effect. They are especially good for children, weak persons or old folks. 25c. NEVER GIVE UP—JOHN D., JR.

"Let Us Bury Our Failures," Oil Man Tells His Bible Class.

NEW YORK, Jan. 1.—John D. Rockefeller Jr. addressed the men's Bible class of the Fifth Avenue Baptist Church this morning, giving the 300 who listened to him advice on how to be better men.

"Society, with a refinement of cruelty unequalled by barbarians, regards the woman who has once fallen—perhaps through no fault of her own—as damned. This is not a Christian attitude.

"Don't feel that there is one great gulf between success and failure. You may fall to accomplish a certain thing after nine determined efforts. Don't stop then. Continue. The tenth time you may succeed. Let us bury our failures."

John D. Rockefeller Sr. also attended the services.

Dr. Aked preached and praised both Rockefeller and Andrew Carnegie for their munificence in the cause of the religious ideal.

SLIP-SHOD EDUCATION

Editor Evening Bulletin:—Will you kindly allow me just a little space, in the Best Paper in Town, for a few words on the educational problem of Hawaii?

In the first place it is a shame that education in Hawaii should be a "problem." The condition of affairs here seem to me to be different from those of any other American city regarding the public school system. On the mainland if there is any delinquency in the educational system it is generally the board of education itself that is at fault, and comes in for a "rawhide," but here it seems that the board of education is struggling alone trying to make a thirty-cent appropriation do a dollar's work.

In my opinion when the last legislature failed to make any provision for the schools of the Territory it blundered. The neglect of a community which urgently needed educational assistance and made earnest appeals for the same was without excuse or explanation.

If the condition as stated by Mr. Pope is true—that there are over one thousand children barred out of the schools of the Territory through lack of facilities to give them an education—then someone should hang his head in shame.

If the advocates of educational reform desire a good argument to submit to the incoming legislature in support of the School Fund Commission's scheme they have it in that army of little children who are crying out for a fair chance to prepare themselves for the battle of life that is before them.

The slipshod condition of educational matters in some countries may be due to circumstances over which they have no control, but for an American city to continue in the hand-to-mouth method as prevails here at the present time is nothing short of disgrace.

ARBITRATION TREATY IS FAVORED IN ENGLAND

LONDON, Jan. 7.—The project of reviving the negotiations for a general Anglo-American arbitration treaty on the subject of which President Taft is sounding the senate committee on foreign relations attracts comparatively little interest here. Few of the newspapers express an opinion on the matter. Undoubtedly the British government would meet the United States half way. The liberal party is particularly favorable to such an arrangement. The general feeling, however, is that the senate may block the plan and the English statesmen are not anxious for a repetition of the experience with the Hay-Pauncefote treaty.

HEALTH WRECKED BY THE GRIP

Its Attack Generally Leaves the Patient Debilitated and an Easy Prey to Other Diseases.

One of our foremost medical writers says: "It is astonishing, the number of people who have been crippled in health for years after an attack of the grip." The real danger from the grip is during convalescence, when the characteristic symptoms, the fever, the catarrh, the headache and the depression of spirits pass away. The grip leaves behind it weakened vital powers, thin blood, impaired digestion and over-sensitive nerves—a condition that makes the system an easy prey to pneumonia, bronchitis, rheumatism, nervous prostration and even consumption.

It is a condition that calls emphatically for a tonic for the blood. Dr. Williams' Pink Pills are a tonic especially adapted to meet this need as they purify and enrich the blood. They tone up the nerves and give vigor, strength and health to the debilitated system.

The cure of Mrs. A. L. Beckwith, of No. 744 Santee street, Los Angeles, Cal., proves the value of this tonic treatment with Dr. Williams' Pink Pills. She says:

"I am glad of this opportunity to tell what Dr. Williams' Pink Pills did for me. I was living at the time in San Francisco and was taken with a severe case of the grip. I had all the disagreeable symptoms of the disease, chills, fever and headache. I was confined to bed for several days. After the attack had passed, I remained weak and without animation. I didn't care whether I lived or not. I was always tired out. I did everything I could think of and took medicine without help until I tried Dr. Williams' Pink Pills. I took but a few boxes of the pills and was cured. Since then I have been in such good health that I haven't needed medicine."

Dr. Williams' Pink Pills are guaranteed by the manufacturers to contain no opiate, narcotic or anything that could injure the most delicate system. All druggists sell Dr. Williams' Pink Pills, or they will be sent to any address, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y. Send for a free booklet describing the tonic treatment.
